

# SHIPBLOCK BLASTROOM

WORLDS BEST BLASTROOM  
DUST COLLECTORS

- ▶ Blasting and painting of shipblocks in combination blast and paint room saves space and eliminates lost transportation time between separate blasting and painting chambers.
- ▶ Shared equipment allows 2 rooms to be operated from one set of machinery to save capital investment and running costs. No equipment idle time saves money.
- ▶ Humidity controlled environment prevents rusting during blasting and before painting and meets strict IMO regulations for paint application.
- ▶ Increased block painting production rates with high efficiency German made vacuum units to reduce clean up and abrasive recovery to minimum.
- ▶ Heavy duty construction and easy maintenance access provides continuous reliable operation and minimum downtime.
