

TDF DUST COLLECTOR

WORLDS BEST BLASTROOM
DUST COLLECTORS

- ▶ Eliminate poor visibility and dusty working areas around blast room with use of high efficiency TDF ventilation dust collector.
- ▶ Unique filter and reverse pulsing system ensures filter cartridges remain clean and dust free. Clean filter cartridges result in constant air flow through blastroom to maintain high visibility levels.
- ▶ Integral maintenance access platform and ladder provides easy and safe access to filter cartridges when they require changing.
- ▶ Reverse pulsing system located inside dust collector results in less noise exposure for workers.
- ▶ Knock down bolt together designs ensure quick easy erection on site with minimal down time.
